

**Space Park Enology Club Presents**  
**Pali Wine Company**  
**with winemaker Aaron Walker**  
**Friday, May 22 at 7:30 pm**  
**DoubleTree Hotel, 21333 Hawthorne Blvd, Torrance**

The Space Park Enology Club is very pleased to host this visit with Aaron Walker, winemaker at Pali Wine Company. What started with backyard dinners and a love of wine has grown into a family-run winery with roots across California’s Central Coast.

Founded by Tim and Judy Perr in 2005, Pali Wine Co. blends tradition, curiosity, and community, growing from their early days in a Lompoc garage to their estate vineyard, natural wine project, and coastal tasting rooms. Pali is guided by two generations of the Perr family along with Aaron, its talented winemaker, who has been crafting wine for Pali since it began. The team continues their commitment to wines that reflect people, place, and purpose.

Pali’s website states, “It is impossible to imagine our favorite nights with friends and family, our most memorable meals, and our fondest memories without a glass of fine wine.” This theme is embodied in two different labels, Pali Wine Co. and Neighborhood Winery.

**Pali Wine Co.** crafts world class, critically acclaimed wine. Most comes from estate-grown grapes from their 50-acre, organically farmed vineyard in the Santa Rita Hills, while some wines feature fruit sourced from other highly-regarded vineyards in the Central Coast region.

**Neighborhood Winery** was established to introduce creative, playful natural wines. It specializes in interesting, zippy, fun cuvées, both daring and traditional, that push the boundaries of conventional wine flavor profiles.

**Multiple Pali tasting rooms you can visit:** In Santa Barbara’s Funk Zone, Anaheim’s Packing District, and San Diego’s Little Italy. For more details, visit their website: <https://paliwineco.com/>
